

SIAMPI interviewprotocol

Researchers Interview	
1. Background/context questions	<p>1.1 Information about the interview</p> <p>1.2 Interviewee profile including</p> <ul style="list-style-type: none"> - involvement in research project/programme, - main area of work; - activities carried out since project/programme.
2. Context	<p>2.1 What actors have been the most important in determining the uptake/impact of your research? Could you mention some concrete examples?</p> <p>2.2 What type of influence do they have? Is there a recognizable influence on the research agenda? Do they offer expertise useful for you? In what way?</p> <p>2.3 Are there differences in the ways in which these actors may influence the uptake and impact of the results (including knowledge and skills) of your research?</p>
3. Mechanisms of interaction	<p>3.1 Direct interactions (personal)</p> <ul style="list-style-type: none"> - regular contacts with practitioners in advance of the research assessed. - participation of stakeholders in design of project/ programme etc. - direct contacts with stakeholders within project/program/ period of assessment. - influence of these contacts on research work - development of these contacts within and after the project / programme <p>3.2 Indirect interactions (text & artefacts)</p> <ul style="list-style-type: none"> - production of specified outputs: academic papers and articles; popular texts; grey literature and reports, web contexts, exhibitions, guidelines, standards, models, patents, etc.... - role of stakeholders in creating these outputs <p>3.3 Financial interactions</p> <ul style="list-style-type: none"> - Involvement of stakeholders in the work being assessed, e.g. through contract funding or joined projects. - Kind of work being conducted under the formal agreement.
4. Outcome/Impacts	<p>4.1 Do you, in any systematic or non-systematic way, follow the results of your research in society?</p> <p>4.2 Have you applied in a non-academic context the knowledge or skills that you gained thanks to your participation in this project/organization?</p> <p>4.3 Which stakeholders benefited and in what ways?</p> <ul style="list-style-type: none"> - as a tool to solve stakeholder problems? - as the basis for ideas or arguments to justify, confirm or develop actions? - have they been used to design/develop services or articles for popular consumption? <p>4.4 If not, did you analyse why not?</p>

Beneficiary Interview	
1. Background/context questions	<p>1.1 Information about the interview</p> <p>1.2 Interviewee profile</p> <ul style="list-style-type: none"> - Type of link/involvement with the researcher/project/organization - Main area of work and position within the organization
2. Context	<p>2.1 What other actors/stakeholders are the most important in determining the uptake/impact of the research results you are interested in?</p> <p>2.2 What kind of contacts do you have with these other stakeholders and what type of influence do they have?</p> <p>2.3 Are there differences in the ways in which the different stakeholders we have discussed may influence the uptake and impact of the outcomes of academic research?</p>
3. Mechanisms of interaction	<p>3.1 Direct interactions (personal)</p> <ul style="list-style-type: none"> - regular contacts with research organisation and researchers in advance of the research assessed. - participation in design of research project/programme etc. - direct contacts with researchers within project/program/ period of assessment. - development of these contacts within and after the project / programme <p>3.2 Indirect interactions (text & artefacts)</p> <ul style="list-style-type: none"> - knowledge of specified outputs before, during and after the project: academic papers and articles; popular texts; grey literature and reports, web contexts, exhibitions, guidelines, standards, models, patents, etc.... - participation in creating these outputs <p>3.3 Financial interactions</p> <ul style="list-style-type: none"> - Involvement of stakeholders in the work being assessed, e.g. through contract funding or joined projects. - Kind of work being conducted under the formal agreement.
4. Outcome/Impacts	<p>4.1 Did the relationships we have discussed in this conversation affect in any way the activities of your organization? If so, how?</p> <ul style="list-style-type: none"> - Has knowledge of specified outputs (3.2) had any impact - Have any results been implemented in the organisation through new contractual relationships with the researchers <p>4.2 Who benefitted from the effects of the interaction and in what ways?</p> <ul style="list-style-type: none"> - Did you use the research as a tool (or to develop tools) to solve problems you were facing? - Did you use research results as the basis for ideas or arguments to justify, confirm or develop actions? - Did you use the research to design/develop services or articles for popular consumption?
